

To my Unity Church folks,
"This is the day that the Lord has made. Let us rejoice and be glad in it".
This is how I start out every day. I've had so many blessings in my life and you guys were one of them. I'd have to write a book to share all the things done with each one of you. I've had so many special moments. Remember them.

Please know I have had a blessed life. My family and I have shared joy and love over and over. They know I'm not leaving, just transitioning. I will always be available.

Rev Joe and I did the prayer lists each week. Whenever I had issues to deal with, he would start our session giving me a solution before I even told him my issue. That's a Unity process. Rev Mike + Course in Miracles gave me the fresh start I needed. I'll say "Hi" for all of you when they greet me. I have stories like that with each of you. Laugh and enjoy whatever you remember.

Blessings + love,
mm
